

Rideau Valley Conservation Foundation

The Rideau Valley Conservation Foundation is proud to be your local, accountable, registered environmental charity dedicated to supporting on-the-ground conservation work in the Rideau River valley. Thanks to your generosity, we continue to improve our watershed and its many communities by valuing, sustaining and protecting the natural environment. We do this by planting trees, naturalizing shorelines, conserving natural spaces, protecting species at risk, educating our youth and much, much more.

We are delighted and inspired by the continuing confidence of our many partners and donors — thank you. In 2019 we launched our 2020 Conservation Campaign as we look to raise funds to keep our natural areas in public hands forever. We are already delighted about the interest in and investment towards the protection of our forests, wetlands and shorelines. Thank you for making your local natural environment a priority.

The Foundation Board of Directors would also like to thank the staff and Board of the Conservation Authority for their dedication and support in 2019. We look forward to continued success in 2020.

Yours in conservation,
Jason W. M. Kelly, RVCF Chair
